

# Hello Sully Station II Residents!

October 6th is National Night Out. While usually we would celebrate this event with a block party, this year we have simplified the event into two parts. First, SS2 will be providing our local first responders with a delicious dinner through a local small business. Second, in the spirit of community improvement, we will be providing Rock-Painting kits to the first 50 families to sign up! We can't wait to see your beautiful creations around the community. Click on the link below or scan the QR code.
