

# Sherry Bous

5441 Chandley Farm Circle

I was born in Greenville, South Carolina and was raised in Northern Virginia. I attended the University of the Sciences in Philadelphia and graduated with a Doctor of Pharmacy (Pharm.D.) degree and minors in Communication and Sociology in 2007. I have been working for the federal government for the past 14 years in various leadership roles within the Food and Drug Administration. I have experience with managing budgets at the division level, supervising employees, organizing and leading team building events, and conflict resolution. In my current role as the Division Director of Enforcement and Postmarketing Safety I work closely with our office attorneys and have learned to interpret and implement regulations. I am an active member in my church community and serve as a Sunday School teacher for Kindergarten.

In 2018 my family and I purchased a lot in Sully Estates and built our forever home. I reside with my husband of 13 years and my two young children who are 4 and 7. We are enjoying raising our children in a community which is so active and family oriented. I have attended countless Sully II Architectural Review Board and Board of Trustee meetings, and I am very familiar with the processes and procedures in place. I have also attended several events planned by the activities committee which our family has really enjoyed. The dedication and love of our community is apparent when I see how so many people are always volunteering their time so generously and selflessly in every capacity.

I am interested in being selected as a trustee as I want to serve my community and will always be committed to listening to and addressing concerns from all members. I believe everyone who resides in Sully II deserves an equal voice. Transparency, honesty, and good communication are integral in building a community where everyone wants to live and raise their family. I believe I would bring a new perspective to the board and will be committed to serving the community to the best of my abilities.

Thank you for your support.
